

Caring for Cairns local kids, living on the street

PRESS RELEASE

24th May 2005

Brothers Leagues Club last night was proud to host the Thirsty Merc Concert, which was held to support the local charity Harald's House. The eager crowd gave Harald Falge the welcome of his life on to the stage, making him feel like a pop star during his quick thank you to the crowd for their generosity. The concert raised \$1074 for the charity, which Brothers Leagues Club was proud to support. Harald's House is hoping to raise \$500,000 toward building a house for Cairns street kids, in an attempt to 'break the cycle' which sees homeless Cairns youngsters at risk of turning to crime, drugs or prostitution to make ends meet. With the support of many Cairns businesses and organizations, this charity is well on it's way to making this dream a reality.
